

FOR THE KIDS (2011)

For the Kids is a true community art effort organized by Adriana King of DaVita Industries, the national health care provider. DaVita's Inglewood staff and volunteers beautified a children's play area in Rogers Park by painting four sides of two exterior concrete barricades. Although professional artists were not involved, the city values the mural's message of TEAM: Together Everyone Achieves More.

Artists:

Concept: Adriana King
DaVita, Inc
